### Many Fighting Flames.

BEAUDETTE, Minn., July 22.-Forest fires around the village of Beaudette have been checked today. The fires around Rainy River, Ont., swept directly against the town, and fear was widespread as to its safety. All available men have been fighting the flames. This afternoon it is hoped that the town

will be saved, as it looks as though the fire had been checked at the railway. Thousands of cords of pulp wood have been burned and the cabins of twenty settlers have been destroyed. It is reported that two little girls forest and were burned to death. Conditions are practically the same on both sides of the boundary line.

### CHICAGO.

CHICAGO, July 22.-Excitement in the corn market today was due to a cause exactly the reverse of the reason yesterday. The fresh development was a big decline in prices, and came in consequence of rains extending from Central Iowa to Central Nebraska. Selling was general from commission houses of every kind. Following the sudden bulge in quotations yesterday the quick drop attracted unusual attention to the corn pit, traders. Wheat was influenced to a considerable extent by the course of corn. Scattering showers in the Canadian northwest formed another bearish factor.
